Minutes from January 27th meeting were approved.

Program

Amy Lane of Graphic Revival presented general sustainability tips. Amy plans on posting this information in more detail on her blog and will send a link when it is live.

These ideas all have more than one benefit for the effort. They include meal planning and shopping once a week. Bring your own bags and get mesh bags for produce. Think about packaging – when you have a choice, choose for brands that are eco friendly. Repair instead of replacing. Eco-cycle for hard to recycle items.

Good online companies for eco friendly products are Bluebird, EC-30, Thrive Market, Grove Collective.
